About Company

KB Technologies a house of engineering products for Oil & Gas Industry, Petrochemical Industry, Power Generation, Food & Beverage Processing, OEM, CNG/NGV, Medical, Water Treatment, Scientific, Manufacturing Industry, Automotive, Marine (Onshore & Offshore) has built an enviable reputation by serving demanding clientele requirement in Middle East. KB Technologies is renowned for its unmatched services, profound knowledge & expertise but also for its quality products, timely deliveries Technical support and having inventories for standard products with warehousing facilities. It is a group of professionals specialized in the supply and selection of Hook up Material, Instrumentation, Valves, Fittings, Tools and Accessories. We represent a wide Range of manufacturers/suppliers pertaining to Control & Instrumentation Industry, thereby catering almost complete range of engineering products that are consumed in various market segments.

Our Team

At KB Technologies, our greatest strength is our people. Our team comprises highly qualified engineers, technical specialists, procurement professionals, and customer support experts with extensive experience serving the Oil & Gas, Petrochemical, Power Generation, Water Treatment, Food & Beverage, Marine, Automotive, Medical, and Manufacturing industries.

Combining deep technical expertise with practical industry knowledge, we work closely with our clients to understand their operational requirements and recommend reliable, cost-effective engineering solutions. From product selection and technical consultation to procurement, logistics, and after-sales support, our professionals are committed to delivering excellence at every stage.

Vision & Mission

Company Vision

To become the preferred and most trusted global engineering solutions provider, recognized for delivering innovative, high-quality, and reliable products that support the growth of the Oil & Gas, Petrochemical, Power Generation, Food & Beverage, Water Treatment, Medical, Manufacturing, Automotive, Marine, and other industrial sectors. We aspire to build long-term partnerships by combining technical excellence, customer-centric solutions, and world-class service standards while continuously embracing innovation, sustainability, and operational excellence. Through our commitment to integrity, quality, and continuous improvement, we aim to create lasting value for our customers, suppliers, employees, and stakeholders, contributing to safer, more efficient, and sustainable industrial operations worldwide.

Company Mission

At KB Technologies, our mission is to provide high-quality engineering products, instrumentation, valves, fittings, tools, and technical solutions that meet the evolving needs of the Oil & Gas, Petrochemical, Power Generation, Food & Beverage, OEM, CNG/NGV, Medical, Water Treatment, Scientific, Manufacturing, Automotive, and Marine industries. Through strong partnerships with globally recognized manufacturers, expert technical support, reliable inventory management, and on-time delivery, we are committed to exceeding customer expectations while building long-term relationships based on quality, integrity, innovation, and exceptional service.

Health and Safety Policy

At KB Technologies, the health, safety, and well-being of our employees, customers, contractors, visitors, and the communities in which we operate are fundamental to our business. We are committed to maintaining a safe, healthy, and environmentally responsible workplace while delivering quality engineering products and technical solutions.

We believe that all workplace incidents, injuries, and occupational illnesses are preventable through effective planning, continuous improvement, and active participation by every employee.

To achieve this commitment, KB Technologies will:

- Comply with all applicable health, safety, environmental, and legal requirements.
- Identify, assess, and control workplace hazards to minimize risks.
- Provide safe working conditions and maintain equipment, facilities, and processes to the highest safety standards.
- Promote a culture where safety is a shared responsibility and every employee is empowered to report hazards and unsafe conditions.
- Provide regular HSE training and awareness programs to ensure employees are competent and prepared to perform their duties safely.
- Ensure the proper use of Personal Protective Equipment (PPE) and safe work practices at all times.
- Prevent pollution and minimize the environmental impact of our operations through responsible use of resources and effective waste management.
- Continuously improve our Health, Safety & Environment Management System through regular monitoring, audits, inspections, and performance reviews.
- Maintain emergency preparedness and response procedures to protect people, property, and the environment.
- Foster a workplace culture built on integrity, accountability, teamwork, and continuous improvement.

Every employee, contractor, and business partner is expected to support this policy by working safely, complying with HSE requirements, and contributing to our objective of achieving Zero Harm.

KB Technologies is committed to protecting people, preserving the environment, and delivering engineering excellence through safe and responsible business practices.

Our Services

To aggressively grow our business and be the supplier of choice by drawing on the creativity, expertise and dedication of the KBT - Team. We are committed to the path of continual improvement in quality, service and innovation and recognize our success is achieved only as a result of making our customers successful"

Our aim is to provide:

- Quality products at competitive prices
- Technical knowledge
- Innovative solutions
- Great Service

Key products:

- Non-Destructive Testing. Equipment, Consumables & relevant accessories
- Preventive Maintenance Equipment i.e. Condition Monitoring, Balancing, Shaft Alignment, Parts & relevant accessories.

KB TECHNOLOGIES & CO also offers innovative solutions in Laboratory Analytical Instruments, Elemental Analysis, Molecular Spectroscopy, Chromatography, Process Instrumentation, Air Quality, Material Testing, Thermal Analysis, Optical Emission Spectrometer X-Ray Fluorescence & Ground Satellite Monitoring StaGon for the challenging applications that are faced every day, from samples identifications to quality assurance & quality control and ambient air monitoring.

KB TECHNOLOGIES offers a number of techniques for your analytical, research and testing methods.

Process Instrumentation ; including Compression Fittings , Instrument Valves & Manifolds, High Pressure Regulator & Fittings , Pressure /Temperature Gauges, Solenoid Valves and Pneumatic Accessories etc.

Valves - Process: Including Gate Valves, Globe Valves, Butter fly Valves, Check Valves etc., from sizes 1/4" to 44" in Steel, Stainless Steel and Exotic Alloys. Electro—Pneumatic Actuators, Mono flange & Pro Blocks Double Block and Bleed, Branch Connection etc.

ABOUT US:

1- Filtration System Solutions: Fuel Filters/Water Separators, Filter Vessels, Jet Fuel, Coalecers, Process Filtration & Separation, FDA grade Cartridges, Compressed Air & Gas Filtration, High Pressure for CNG ,Hydraulic & Lube Filtration, Portable Offline Filtration system, Flow, Pressure & Temperature Sensors.

2- Filters: A full line of Filters including In-Line, Air, Oil, Diesel Fuel, Hydraulic,Liquid, Waste water, Water, Chemical, Automotive, Sand, bag, Cartridge, Active, Carbon Removal, Ceramic, Coalescing, Compressed Air, Continuous, Cooling System, Dust, Felt, Oil Mist, Disc,Drum, Foam etc.

3- Fluid Connectors & Hoses: A full range of Hydraulic, Industrial ,High pressure and Thermoplastic Hoses. Hose Cutting, Crimping, Cleaning and other accessories. Flare less 37degree Fittings, Quick Couplers and Cam/Groove, combination Nipples etc.

4- Flow, Measurement, Protection & /accessory Equipments: Full line ofTransmitters, Positioners, Calibrators,Gauges, Transducers, Indicators, Sensors, Flow meters, Liquid Level instruments, Analyzers, Accelerometers, Flow Monitors, Excess Flow Valves, Regulators, Condensate Pots, Sampling Cylinders, Air distribution Manifolds, Gauge Siphons, Gauge Snubbers, Probes, Orifice Plates,Level Switches.

ABOUT US:

Compressors, Winches, Oscilloscopes, Voltage Sources, Clock gauges, Noise Level meters, Doppler Flow meters, Deadweight testers, Standard test gauges etc,

Gaskets: Full range of Gaskets.

Industrial Tools:

Safety Equipment, Solvents, Adhesives etc.
Chemicals, Corrosion Inhibitors etc.

Services: We have the expertise to program and install the variable speed drives/PLCs / Power and Control panels/motors / instrumentations / electrification.

With worldwide contacts and sources of supply the combination of excellent Pricing, Deliveries, Quality & Customer Service are at a premium. We hope to build a lasting relationship with you.

OUR PRODUCTS

PRODUCTS : Industrial Control , Automation & Instrumentation

- SOFT STARTERS & VARIABLE SPEED DRIVES
- AC INVERTER DRIVES
- AC TO DC MOTOR SPEED CONTROLLERS
- ANALOG DC DRIVES
- AC VARIABLE FREQUENCY DRIVES
- DC DRIVE LINE UP PANELS
- PUMP CONTROL CENTRE CUM VFD
- MOTOR CONTROL CENTRE (MCC)

OUR PRODUCTS

PRODUCTS : Industrial Control , Automation & Instrumentation

- AC DRIVE LINE UP PANELS
- PROGRAM LOGIC CONTROLLER (PLC)
- CONTROL DESK
- INTEGRATED AUTOMATION CONTROLLERS
- ONLINE THM ANALYZER
- HIGH POWER SERVO DRIVES
- MOBILE DRIVE FOR INDUCTION MOTORS
- HMI SOLUTION PANEL

OUR PRODUCTS

PRODUCTS : Industrial Control , Automation & Instrumentation

- DIGITAL DC DRIVE/MOTOR PANEL
- STEPPER DRIVES
- PLC PANELS
- PCC CUM VFD PANELS
- PCC PANELS
- APFC PANELS
- MCC PANELS
- DC DRIVE PANELS

A collection of Krohne industrial sensors is displayed on a white background. On the left, a digital pressure sensor with a blue protective cap and a circular display showing '2.36 mbar' and '2.6 °C'. Above it is another digital sensor with a display showing '14.853'. In the center, a stainless steel analog pressure sensor with a flange and a pressure gauge. Below the digital sensors are two more analog sensors: one with a threaded body and a diaphragm seal, and another with a threaded body and a pressure gauge. A large, stylized red prohibition symbol (a circle with a diagonal line) is overlaid on the right side of the image, partially obscuring the background and some of the sensors.

A collection of Krohne industrial sensors is displayed on a white background. On the left, a digital pressure and temperature sensor with a blue protective cap shows a reading of 2.36 mbar and 2.6 °C. In the center, a stainless steel digital pressure sensor shows 14.853 bar. Below it, a smaller stainless steel sensor with a spring-loaded diaphragm is visible. To the right, a compact digital pressure sensor is shown. A large, stylized red prohibition symbol (a circle with a diagonal line) is overlaid on the right side of the image, partially obscuring the sensors.

OUR PRODUCTS

PRODUCTS : INDUSTRIAL HUDRAULICS /PNEUMATICS

- ISO PNEUMATIC CYLINDERS
- COMPACT PNEUMATIC CYLINDERS
- ROUND BODY PNEUMATIC CYLINDERS
- RODLESS PNEUMATIC CYLINDERS
- ROTARY ACTUATORS
- SOLENOID VALVES
- METAL SPOOL VALVES
- NAMUR VALVES
- 2/2 VALVES
- ISO VALVES
- COMPACT VALVES FOR PANELS
- CONTROL SWITCHES
- REFRIGERANT MEMBRANE & DESSICANT AIR DRYER
- PRECISION REGULATORS
- FRL COMBINATION
- METAL FILTER CARTRIDGES
- PUSH IN FITTINGS
- HYDRAULIC SOLENOID VALVE
- HYDRAULIC VP 120 VALVE
- HYDRAULIC CYLINDERS
- HYDRAULIC DIRECTIONAL CONTROL VALVE
- HYDRAULIC MOTOR
- HYDRAULIC PUMPS

OUR PRODUCTS

PRODUCTS : COMPRESSED AIR SOLUTIONS

- AIR COMPRESSORS
- COMPRESSED AIR DRYERS
- REFRIGERATED COMPRESSED AIR DRYER
- LARGE FLOW HEATLESS AIR DRYERS
- COMPRESSED AIR HOSE
- COMPRESSED AIR FITTINGS
- COMBO AIR FILTER/LUBRICATOR/REGULATOR
- COMPRESSED AIR FILTRATION UNIT/COALESCING
- COALESCING AIR FILTER ELEMENTS
- CONDENSATE EQUIPMENTS
- AUTOMATIC PNEUMATIC DRAIN
- CARBON STEEL FABRICATED COMPRESSED AIR FILTERS
- TRANSAIR PIPING SOLUTION
- SENSOR NODES PRESSURE/TEMP/HUMIDITY
- COMPRESSED AIR MICROBIAL TEST KIT
- COMPRESSED AIR PIPES
- COMPRESSED AIR HOSE REEL
- FILTER CARTRIDGES
- ALUMINUM PNEUMATIC CYLINDERS
- TUBE CUTTER LIGHT DUTY
- PNEUMATIC AIR TOOLS
- PNEUMATIC HAND TOOLS
- 3 WAY MANIFOLDS
- MINIATURE SOLENOID VALVES

OUR PRODUCTS

PRODUCTS : FILTRATION SOLUTIONS

- SPIN ON SERIES FUEL FILTER/WATER SEPARATOR
- TURBINE SERIES FUEL FILTER/WATER SEPERATOR
- ENGINE AIR FILTRATION
- RESERVOIR EQUIPMENT
- SUCTION LINE FILTERS
- COMPRESSED AIR & GAS FILTERS
- UL MARINE FUEL FILTRATION
- CRANK CASE VENTILATION SYSTEM
- HYDROCARBON FILTER VESSELS
- REFRIGERATION & ABSORPTION AIR DRYERS
- BREATHING AIR PURIFIES
- FILTER ELEMENTS
- HIGH PRESSURE COMPRESSED AIR FILTER UPTO 350 BAR
- FILTERS FOR INDUSTRIAL GASES
- PORTABLE DEW POINT METER
- PARFIT COMPRESSED AIR ELEMENTS

OUR PRODUCTS

PRODUCTS : FLOW CONTROL VALVES & PIPE FITTINGS / FLANGES

- BALL & PLUG VALVES
- BALL VALVE 2/3 PIECE
- BUTTERFLY VALVES RUBBER/TEFLON LINED
- HIGH PERFORMANCE BUTTERFLY VALVES
- BLOCK & BLEED VALVES
- BACK FLOW PREVENTER
- GATE VALVES FORGED STEEL
- CHECK VALVE FORGED STEEL
- GATE VALVES CAST STEEL
- RELIEF VALVES
- STEAM TRAPS
- ANGLED GLOBE VALVES
- GLOBE VALVES FORGED STEEL
- GLOBE VALVES CAST STEEL
- GLOBE VALVES PRESSURE SEAL
- TRUNNIONBALL VALVES
- STRAINERS
- LOW PRESSURE VALVES

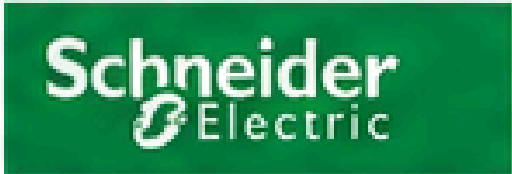

OUR PRODUCTS

PRODUCTS: INDUSTRIAL HYDRAULICS TOOLS & EQUIPMENTS

- INDUSTRIAL & ELECTRICAL TOOLS
- AUTOMOTIVE TOOLS & ELECTRONIC SERVICE / DIAGNOSTIC EQUIPMENT
- ALL KIND OF PIPE TOOLS
- PROFESSIONAL HAND TOOLS
- PROFESSIONAL GRADE HAND TOOLS
- QUALITY DRILLING TOOLS
- PROFESSIONAL LIFTING TOOLS & EQUIPMENTS
- HIGH PRESSURE HYDRAULIC & MECHANICAL PRODUCTS
- ELECTROCHEMICAL SENSORS INFRA-RED BENCHES DATA LOGGING LOW POWER ELECTRONICS
